

JOB / WORK COMPLETION REPORT

PROJECT DETAILS

Client Company Name:	Applied Materials Southeast Asia Pte Ltd	Date:	16.12.2024
Project Name:	AMAT @TIC	PO/VO No.:	AGMT 10723
Project Address:	5 Tampines Industrial Cres, Singapore 529557		
Service Completion Date:	13.12.2024	Ref No. :	BP-22207-MCI-037

SERVICE DETAILS

This is to confirm/certify that the following job/services

S/N	Quantity	PO Description	
1		System Integration between BMS and Digital Twin	
2		Modules Deployment Digital Twin PC Application (Sandbox)	

Remarks: With the T&C being selective for the points, note some comments the below:
 Approved with comments (for sandbox application) as per follows:

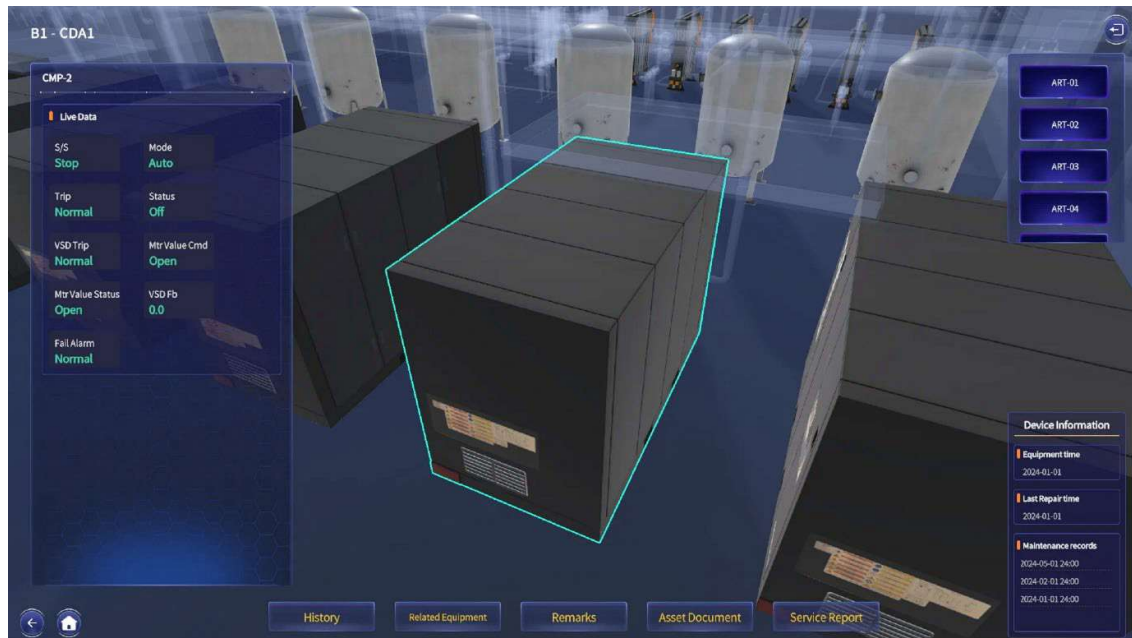

1. To ensure the data sending in from the BMS tallies with DataMesh
2. To ensure all the assets from the BMS/Forge is included in DataMesh e.g. Genset and P&S pumps
3. One of the feature is to have the historical graphical representation in DataMesh (to add this in)

CLIENT ACKNOWLEDGEMENT

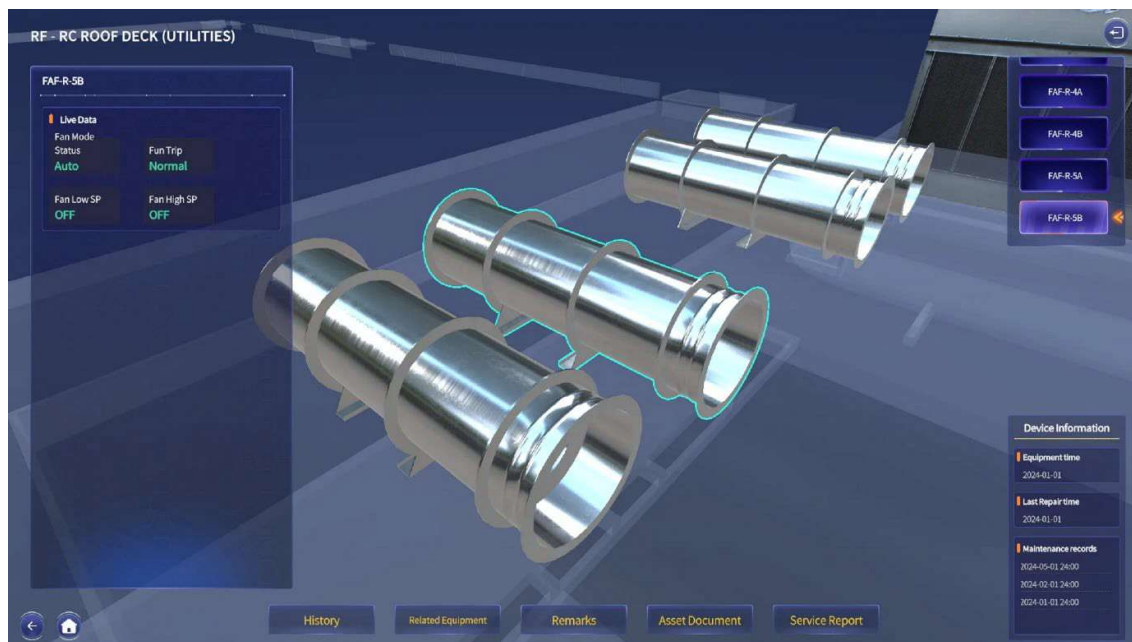

We acknowledged the above job/services has been fully completed to our satisfaction.
